

Creation of IBM CLOUD SERVICES

Team ID	PNT2022TMID09618
Project Name	Smart waste management system for metropolitan cities

SCREENSHOT OF CLOUD ACCOUNT CREATION:

The screenshot displays the IBM Cloud management console. The top navigation bar includes the IBM Cloud logo, a search bar, and links for Catalog, Manage, and the user's account (Gegul B's Account). The main content area shows the 'Internet of Things Platform-xv' resource, which is active. A sidebar on the left contains links for Manage, Plan, and Connections. The central panel features a large graphic of a microchip with the text 'Let's get started with IBM Watson IoT Platform' and a 'Launch' button. Below this, a section titled 'Ready for the next level?' presents the 'IBM Watson IoT Platform Journey' with three service plans: Lite, Non-Production, and Production. Each plan includes a brief description and a list of features or limits. The 'Lite' plan is selected and marked as active. The 'Production' plan includes IBM Service & Support and pricing based on the number of devices. A 'Continue your journey on IBM Marketplace' link is at the bottom right.

Ready for the next level?

IBM Watson IoT Platform Journey

☒ Lite

The Lite service plan provides a lightweight development environment to get you started with the connectivity capabilities of Watson IoT Platform.

- Free
- 200 MB data-transfer limit
- 500 application bindings limit
- 500 registered devices limit

☐ Non-Production

The Non-Production service plan is a full-featured, fully-integrated offering that enables you to explore Watson IoT Platform to see how the service can fit into your IoT environment.

- Starts at \$900 per month
- Capacity limit based on device type
- Optional Analytics Service and Blockchain Service add-ons

☐ Production

The Production service is a fully managed SaaS offering that enables you to manage and analyze enterprise IoT data.

- Includes IBM Service & Support
- Pricing based on number of devices per device type
- Optional Analytics Service and Blockchain Service add-ons
